Alternatives to Incarceration Community Listening Sessions

As part of the Alternatives to Incarceration (ATI) project, SANDAG invites San Diego County residents to join virtual Community Listening Sessions in January 2023 to share their thoughts on the provision of behavioral health services, the County's justice system, and best practices in alternatives to incarceration.

- Each of the two Community Listening Sessions will follow the same format, with a 15-minute overview of the ATI project, followed by 75 minutes for public comment.
- Each speaker will be limited to 3 minutes to allow for maximum information sharing from the greatest number of individuals.
- All Community Listening Sessions will be conducted in English, and simultaneous interpretation will be provided in Spanish; interpretation services can be offered in additional languages upon request 72 hours before the meeting.
- While speakers can share any thoughts or feedback they have, SANDAG and the County of San Diego have specific interest in receiving feedback regarding the 4 questions of interest noted here:

1. What are the greatest service needs in your community?
2. What are barriers to receiving services in your community?
3. Do you know of any policies or programs that are effective alternatives to incarceration that the County should be aware of?
4. What is working well in terms of the public safety system and services delivery you would like to note?

If you prefer to share written feedback for consideration, please email ATISStudy@SANDAG.org or complete the online feedback form [available here](#).
