Vision Statement

Pursuing a brighter future for all.

Mission Statement

We are the regional agency that connects people, places, and innovative ideas by implementing solutions with our unique and diverse communities.

Our Commitment to Equity

We hold ourselves accountable to the communities we serve. We acknowledge we have much to learn and much to change; and we firmly uphold equity and inclusion for every person in the San Diego region. This includes historically underserved, systemically marginalized groups impacted by actions and inactions at all levels of our government and society.

We have an obligation to eliminate disparities and ensure that safe, healthy, accessible, and inclusive opportunities are available to everyone. In 2021, SANDAG will develop an equity action plan that will inform how we plan, prioritize, fund, and build projects and programs; frame how we work with our communities; define how we recruit and develop our employees; guide our efforts to conduct unbiased research and interpret data; and set expectations for companies and stakeholders that work with us.

We are committed to creating a San Diego region where every person who visits, works, and lives can thrive.

Reports

4. Staff Report (Information)

Associate Regional Planner Lisa Madsen the following updates:

Caltrans is committed to bringing its entire infrastructure into compliance with state and federal Americans with Disabilities Act (ADA) standards.

Due to the financial burden for public agencies to make all infrastructure accessible within a short time frame, the U.S. Congress is allowing public agencies to transition into full compliance through an ADA Transition Plan, which identifies physical access barriers and proposes a schedule for removal of those barriers based on the financial abilities of the agency.

Caltrans is developing a Transition Plan, which documents the legal requirements and Caltrans' functional goals and objectives to make pedestrian facilities within Caltrans' right-of-way accessible and usable for persons with disabilities. This Transition Plan will be used to guide the planning, programming, and implementation needed to make Caltrans' facilities ADA compliant. The draft Caltrans ADA Transition Plan is available online for public comments, comments may be submitted through September 10, 2021.

SANDAG's Draft San Diego Forward: The 2021 Regional Plan (2021 Regional Plan) is available for public comment for until July 30, 2021. A public

hearing for the 2021 Regional Plan will be held at the July 23, 2021, Board of Directors meeting.

new wheelchair accessible vans intended for people who cannot use other multimodal forms of transportation.

NCTD has finished implementing all its new paratransit fleet, they purchased 54 new vehicles 36 of them being high-top minivans, all radios, fleet watch software, and cameras, have all been installed on the new fleet; this is the first time NCTD has installed cameras to ensure things are being done correctly. A draft was sent out for the subcommittee to review, some of the details are still being worked on. FACT is having to refer people to other specialized grantees as well as MTS and NCTD.
