

Errata to Final EIR for San Diego Forward: The 2021 Regional Plan

These errata reflect a modification to the Final EIR (Appendix O, Table O-3) for purposes of clarification. This modification does not alter the conclusions of the environmental analysis nor does it constitute significant new information.

Additional text is shown as underlined.

Changes to Appendix O, Table O-3

The following footnote is added to table:

*** The Final Per Capita Reductions for 2005 for GHG emissions reflect induced demand for the proposed Plan. Without induced demand, the Final Per Capita Reductions for 2005 for GHG are slightly lower, -20.6% in 2035 and -21.3% in 2050.
